Suggestions for Use

- The printable base 10 blocks are great tools for guided reading groups. You can also send them home for students to use in conjunction with homework assignments. There are directions at the bottom of each page for mass-copying for an entire class.
- The place value mats & strips can be used in conjunction with the number cards. You can laminate them & let kids write numbers on them using dry erase markers. You can also have students keep them in their interactive math notebooks to use as reference tools.

- This product is only editable if there is an error. I'm afraid I am unable to offer customizations such as changes in font, wording, content, clipart, etc. at this time. If you do find a typo or error, e-mail me at heather_ayers@hotmail.com to let me know, and I will send you a corrected copy of the product ASAP.
- The original purchase of this product gives the purchaser permission to copy or electronically display this product for the use of a SINGLE classroom. If you would like to share this product with friends or colleagues, please go to your "My Purchases" page on TpT's website to purchase additional licenses. If you'd like to purchase a school-wide or district-wide license, contact me and I will be happy to work with you on a discounted price.
- You MAY NOT post this product on the internet or your school's intranet (even if the product is a freebie). Other examples of prohibited electronic sharing include (but are not limited to) posting to blogs, wiki sites, personal websites, file-sharing platforms such as Dropbox (unless you've purchased an extra license for the person you are sharing it with), etc.
- You MAY NOT use this product (even if it is a freebie) to make physical products that you intend to sell (i.e. you cannot make ready-to-go centers & then sell them to others, because the content is copyrighted to me).
- I do thank you for your purchase, and I hope you will keep me in mind for your future needs.
